This AIC is only available in PDF. Please click the PDF link in the commands pane.

Pilots flying foreign registered aircraft in Malawi are required to present their licences at the Air Traffic Services Reporting Office on arrival at the airport of entry. They should also do so when filing a flight plan for any destination.

This instruction is aimed at ensuring that only eligible pilots operate within the Malawi airspace. The officer checking the licence has to be satisfied that the pilot licence holder is properly licenced for the type of aircraft. He also checks the nationalities of both aircraft and licence before permitting the aircraft to depart.

This circular is issued for information, guidance and necessary action and supersedes AIC number A3/1998.
